

The Minnesota Governor's Council on Developmental Disabilities

PRESENTS THE EXHIBIT

EXCLUDE

As part of the 35th Anniversary of the groundbreaking Partners in Policymaking® program, the *Inclusion* exhibit celebrates the journey to increase the independence, productivity, self determination, integration, and inclusion of Minnesotans with developmental disabilities and their families. Accessible and empowering, Partners in Policymaking—offered nationally and internationally—teaches leadership skills and the process of developing positive partnerships with those who make decisions about the services that people with developmental disabilities and their families use.

As companion to the *Inclusion* exhibit and created for the 50th Anniversary of the Minnesota Governor’s Council on Developmental Disabilities, the book *inVISIBILITY* offers even more historical photographs, along with perspectives from people with developmental disabilities, historical figures, and legal teams and judges involved in key cases.
